CATEGORIES
BUILT PROJECTS

Built Project categories recognize design excellence in various kinds of built architectural projects. Submissions may be a single building, a related group of buildings, interior architecture, additions, restorations, or adaptive use projects. Entries may fall into more than one category but must be assigned by the entrant to one category only.

Commercial, Institutional, Educational or Multi-Family Residential Design
Eligibility: Both public and private projects: single buildings, a related group of buildings forming a single project, and additions/renovations.

Residential Design
Eligibility: Single family residences and/or accessory buildings, new or remodeled, or any addition.

Preservation
Eligibility: Projects that address design issues related to adaptive use, rehabilitation, reconstruction or pure restoration.

Interior Architecture
Eligibility: projects of any scope that may be new construction, renovation, or preservation or restoration, rehabilitation, reconstruction or pure restoration.

UNBUILT PROJECTS

Unbuilt architectural designs, for which there is no current intent to build, of any project type, including purely theoretical, visionary projects, with or without a client.

REGIONAL AND URBAN DESIGN

Eligibility: urban design projects, planning programs, civic improvements, campus plans, regional plans, environmental programs or redevelopment projects. Examples might be research, policy development and implementation, community initiatives or charrettes, and input and assessment tools.

SUBMISSION FORMAT

Submissions are electronic and require: project category; project name and location; architectural firm, principal, and contact information; project description; photographs; other graphic materials; and photography release form.

PROJECT DESCRIPTION – 250 word maximum
