Designing for Sustainability

Support the Future of Sustainable Design
Friday, July 10 and Friday, July 17

Partner with **AIA New Jersey's Committee on the Environment** for the East Coast Green 2026 Virtual Conference to align your brand with leaders in regenerative design and climate action. Sponsorship provides visibility among architects, planners, and sustainability advocates. Custom sponsorship opportunities can also be created to meet your goals.

Opening Session Sponsor: \$1,500 (2 Available)

This sponsorship establishes your organization as a key supporter, providing premier visibility. It includes a two-minute introduction before the opening session, along with recognition in conference communications and marketing materials. Your logo will be prominently placed on the conference website and in promotional emails. Additionally, you will have a dedicated Virtual Booth to connect with attendees and showcase products. The package includes five (5) full conference registrations.

Virtual Booth Sponsor: \$750

Expand your organization's presence beyond the conference sessions with a dedicated Virtual Booth designed to connect directly with attendees throughout the event. Your booth will provide an interactive platform to showcase products, services, and resources, share promotional materials, and generate valuable leads in a dynamic online environment. Sponsorship also includes logo recognition in conference marketing materials and two (2) full conference registrations.

Session Sponsor: \$500

Align your brand with a featured conference session and gain targeted visibility among professionals engaged in your selected topic area. As a Session Sponsor, your organization will receive logo recognition during the sponsored session and in related conference communications, along with the opportunity to share digital materials with attendees. Sponsorship includes inclusion in conference marketing materials and one (1) full conference registration.
